

# GROSS DOMESTIC PRODUCT

## 2018 QUARTER 4

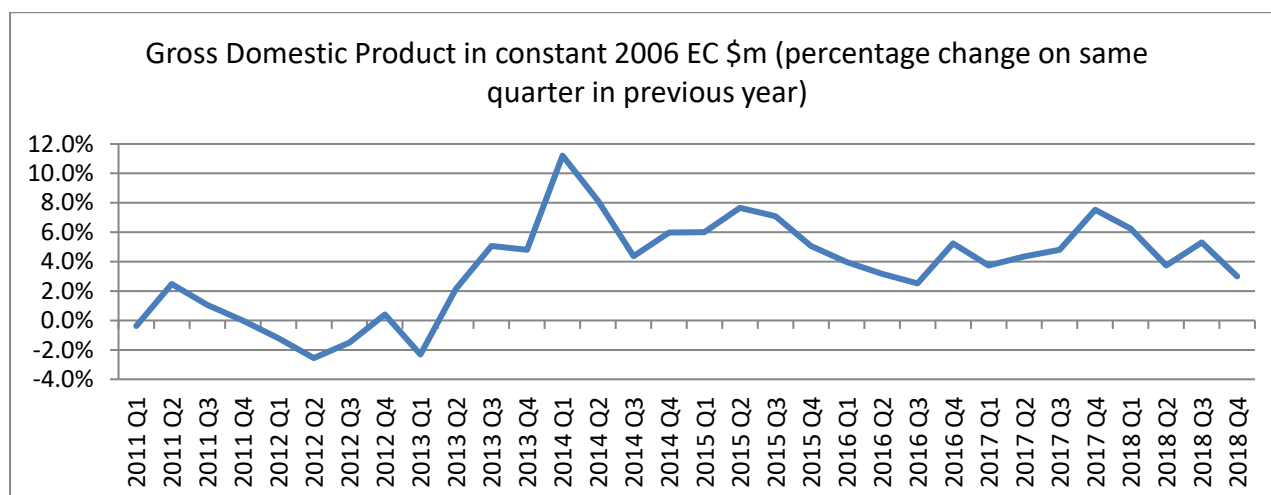

*Note: This is the first time that quarterly estimates of Gross Domestic Product (GDP) have been published in Grenada. This series has been developed by the Central Statistics Office (CSO) to provide more timely estimates of the broad trends in economic activity. The series is entirely consistent with the annual estimates of GDP, which still provide the most comprehensive and detailed assessment of economic activity.*

*The quarterly series is undergoing development and for the time being, should be considered experimental. The CSO would welcome feedback on the utility of this new series.*
